

Avcomm 2-Way Headsets

Performance for high-noise environments with total flexibility for intercoms and radios.

PATENTED PNR™ TECHNOLOGY

AVCOMM patented PNR™ technology provides the highest level of audio performance, incredible voice clarity and higher noise attenuation. Certified 24dB NRR, you can hear the difference! Ultra-lite AVCOMM Neodymium speakers provide rich, smooth frequency response so you no longer have to strain to hear radio conversation in high noise environments. The H4000 offers additional versatility by simply using the 3.5mm plug to connect to your radio, scanner or other listening device.

**NRR
24 dB**

NRR Test Results: American National Standards Institute
ANSI Specifications: S3.19-1974
Certification by Michael & Associates, State College, PA

UNIVERSAL CONNECTORS

What makes the AVCOMM headset so unique is it's exclusive design featuring detachable cords. This feature allows the headset to interface with virtually all major brands of radios and intercoms through a built-in universal 5-pin jack and a detachable cord with positive-lock connector. Select the compatible cord (sold separately) for your handheld or mobile radio, and plug in the cord for instant monitoring and transmitting.

ALL DAY COMFORT

AVCOMM 2-way headsets are designed for all day comfort and feature cushy soft oversized acoustic foam ear seals that are ultra light and incredibly comfortable. Experience the comfort and performance of an AVCOMM headset available in three models.

H4000 For jobs requiring a hard-hat, the H4000 (behind-the-head style) features an adjustable Velcro® head strap and a rugged spring steel backband. Optional chin strap available PN# P0125.

H0500 Features an easy-to-adjust stainless steel headband with thumbnut adjustment and a "pillow-soft" headpad to reduce pressure points and hot spots in an over-the-head style headset.

H0400 Single side headset with adjustable stainless steel headband provides ultra comfort through a plush side pad and "pillow soft" contoured headpad.

ADDITIONAL FEATURES

AVCOMM exclusive tuned dynamic noise cancelling microphone, soft-touch 1,000,000 cycle sealed push-to-talk, rugged cables with durable polyurethane insulation and spiral shielding to reduce RF interference. In addition, a cloth mic muff protects the microphone against moisture and debris.

Rich in features and built with the end-user in mind, AVCOMM delivers performance, comfort and audio clarity, making it one of the best employees on the job. Works hard, always reliable and desired by everyone.

PNR™ Technology

Headset Accessories

High quality AVCOMM headset accessories are compatible with most major brands.

DELUXE GEL EAR SEALS

Absolutely the finest ear seal available! Designed for luxurious comfort with silicone gel that conforms to facial contours and glasses. Durable polyurethane construction is unaffected by temperature extremes.

PN# P1009

DELUXE ACOUSTIC FOAM EAR SEALS

Replace old worn out ear seals! Soft, cushy, and ultra-light, AVCOMM Deluxe Acoustic Foam Ear Seals are manufactured to deliver maximum comfort and noise attenuation.

PN# P1006 Small
PN# P1007 Large
PN# P1005 Jumbo

DELUXE CLOTH EAR COVERS

Cool cotton comfort will improve the tactile quality of any ear seal. They absorb perspiration and relieve "hot spots" and are completely washable for maintaining hygienic use.

PN# P1004

ACOUSTIC MIC MUFF

Acoustically transparent Sonic Foam™ greatly improves transmission quality while protecting mic from moisture, dirt, and debris. Hypo-allergenic and completely washable for maintaining hygienic use. Includes O-ring retainer.

PN# P0185 Standard
PN# P0186 High wind

Unique Velcro® mounting flap allows placement of the P3-A01 Personal Headset Bag to either or both ends of the bag!

PN# P3A03

DELUXE FLIGHT BAG

Fully padded, shock resistant, semi rigged construction. Dual zippered flap on the main compartment features a Velcro® strip for easy closure. Roomy interior for storage of headsets, cords and more, plus removable inside Velcro® partition. Easily attach a P3-A01 Personal Headset Bag to either or both ends for additional storage.

Dimensions: 15"L x 12.5"H x 10.5"W
Weight: 3 lbs. 2 oz.

PN# P3A01

PERSONAL HEADSET BAG

Padded protection for an individual headset and personal items. Securely link two of these together with a unique Velcro® flap or easily connect to the end of the P3-A03 Bag. Dual zipper on top makes access very easy. There is a gusseted pocket on the inside and a zippered compartment on the outside for accessories.

Dimensions: 9.5"L x 10.5"H x 3.5"W
Weight: 8.7 oz.
